### ACADEMIC POSITIONS

---

#### Robert F. Wagner Graduate School of Public Service, New York University

Director of Urban Planning Program	9/2016 – 8/2020
Associate Professor of Urban Planning and Transportation Policy	9/2014 -- Present
Assistant Professor	8/2008 – 8/2014
Visiting Professor (Zhejiang University)	6/2018, 7/2019, 7/2020

### EDUCATION

---

#### Massachusetts Institute of Technology, Cambridge, MA

August 2008

Ph.D (2008), M.C.P (2003), City and Regional Planning

Dissertation: Transfers and path choice in urban public transport systems

#### Tsinghua University, Beijing, China

July 1999

Master of Engineering in Urban Planning and Design

#### Tianjin University, Tianjin, China

July 1996

Bachelor of Architecture

### PUBLICATIONS ( \* student author)

---

Regulating parking space: lessons from major cities in the world. Transportation Summit of World Cities, Beijing, China

Redesigning subway way to mitigate system congestion: a case of Washington DC Metro using Mechanical Turk. Association of Collegiate Schools of Planning Annual Conference, Portland, OR

## **2015**

Residents' willingness to pay for street parking in new subdivisions (with Yiwen Kuai). Association of Collegiate Schools of Planning Annual Conference, Houston, TX

Walking, obesity and urban design in Chinese neighborhoods (with Kris Day, Mariela Alfonzo, and Lin Lin), Environmental Design Research Association Annual Conference, Los Angeles, CA

## **2014**

The direct and indirect effects of affordable housing mandates (with Fei Li), Association for Public Policy Analysis and Management Fall Research Conference, Albuquerque, NM

Do maximum parking standards deter development? (with Fei Li), Association of Collegiate Schools of Planning Annual Conference, Philadelphia, PA

## **2013**

Pedestrian environment and route choice: evidence from New York City and Hong Kong. Transportation Research Board 92nd Annual Meeting, Washington DC

Residential on-site carsharing and off-street parking: The case of the San Francisco Bay Area. Transportation Research Board 92nd Annual Meeting, Washington DC

Smart devices and travel time use by bus passengers in Vancouver, Canada. Transportation Research Board 92nd Annual Meeting, Washington DC

Impact of eliminating minimum parking standard on residential parking supply in London, 2004-2010. Transportation Research Board 92nd Annual Meeting, Washington DC

Amenity vs. necessity: rethinking residential street width standard as U.S. parking policy. Transportation Research Board 92nd Annual Meeting, Washington DC

## **2012**

Minimum street width standards as on-street parking mandates in suburban communities. Association of Collegiate Schools of Planning Annual Conference, Cincinnati, OH

Can the maximum off-street parking standard eliminate excessive supply? Evidence from London. Association of Collegiate Schools of Planning Annual Conference, Cincinnati, OH

Obesity, chronic disease and active design in Chinese cities. Association of Collegiate Schools of Planning Annual Conference, Cincinnati, OH

Redefining street width regulations: Economizing space and uncovering the costs of on-street parking. Transportation Research Board 4th Urban Street Symposium, Chicago, IL

Are land-use planning and congestion pricing mutually supportive? Transportation Research Forum Conference, Tampa, FL

Street width standard, on-street parking supply, and their impact on household car ownership decisions. Transportation Research Forum Conference, Tampa, FL

Are land-use planning and congestion pricing mutually supportive? Evidence from a pilot mileage fee program in Portland, OR, Association of American Geographers (AAG) Annual Meeting, New York

From minimum to maximum: what we can learn from London's residential parking standard change. Association of American Geographers (AAG) Annual Meeting, New York

Willingness to pay for residents parking permits in New York City, Transportation Research Board 91st Annual Meeting, Washington DC

Street width standard, on-street parking supply, and their impact on household car ownership decisions. Transportation Research Board 91st Annual Meeting, Washington DC

## **2011**

Does the availability of on-street parking affect the car ownership of households with off-street parking? Association of Collegiate Schools of Planning Annual Conference, Salt Lake City, UT

Mind the map! Schematic transit map and passenger route choice in urban rail systems. Transportation Research Board 90<sup>th</sup> Annual Meeting, Washington DC

## **2010**

Assessing the cost of transfer inconvenience in the London Underground. Association of Collegiate Schools of Planning Annual Conference, Minneapolis, MN

Maps and travel behavior: implications on public transit planning. International Association for China Planning Annual Conference, Shanghai, China

Mind the map? Subway map and travel decisions in the London Underground. Environmental Design Research Association Annual Conference. Washington, DC

Are land-use planning and congestion pricing mutually supportive? Evidence from a pilot mileage fee program in Portland, OR. Transportation Finance: Forging a Sustainable Future - Now! Conference. New Orleans, LA

Mind the map? Transit map, cognitive map, and travel decisions in public transit systems. Association of American Geographers Annual Conference. Washington, DC

Transfer cost and path choice in the London Underground: an empirical analysis. Transportation Research Board 89th Annual Meeting, Washington D.C

## **2009**

Mind the map? The impact of system map on passengers-travel decision in the London Underground. 50th Anniversary Annual ACSP Conference. Washington, DC

Transfers and path choice in public transport systems: a case of the London Underground. The 11th International Conference on Advanced Systems for Public Transport (CASPT09), Hong Kong

Transfer and path choice in urban public transport systems, Association of American Geographers Annual Conference, Las Vegas, NV

## **2007**

Built environments and pedestrian behavior: a path-based analysis approach, Annual ACSP Conference, Milwaukee, WI

Modeling effects of transit system transfers on travel behavior: case of commuter rail and subway in downtown Boston, Massachusetts. Transportation Research Board 86th Annual Meeting, Washington D.C

Understanding weather impact on transit ridership and its application in transit operation and planning. Transportation Research Board 86th Annual Meeting, Washington D.C

## **2006**

Weather impact on transit ridership in Chicago (1998 – 2004). The Transport Chicago 2006 Conference, Chicago, IL

## **2005**

The weather impact on transit ridership in Chicago (1997-2004). Annual ACSP Conference, Kansas City, MO

Evaluation of yellow-dust storms and countermeasure policies in North China using regional and national input-output models. The 15th International Input-Output Association Conference, Beijing

## **2004**

Pedestrian environments, transit path choice, and transfer penalties: understanding land-use impacts on transit ridership. The Annual Conference of Urban and Regional Information System Association (URISA), Reno, NV

Assessment of the transfer penalty for transit trips: the case of Boston. Annual ACSP Conference, Portland, OR

Assessment of the transfer penalty for transit trips: a GIS-based disaggregate modeling approach. Transportation Research Board 84th Annual Meeting, Washington D.C

## **RESEARCH GRANTS**

---

UTRC September 11th Scholarship \$68,000.00 (PI) Faculty advisor for students Cristina Cancelado and Seth Kerr	6/2019 – 8/2022
Chengdu Institute of Planning & Design (PI) International Metropolitan Planning and Construction Research	6/2019 – 8/2022
Robert Wood Johnson Foundation: \$1,200,000 (Co-Investigator) Policies for Action Hub: responsible for evaluating the benefit of speed limit reduction in New York City	5/2016 – 5/2018
National Science Foundation: \$ 299,958 (Co-PI) A Meta-Network System Framework for Resilient Analysis and Design of Modern Interdependent Critical Infrastructures	9/2014 – 8/2017
US DOT & University Transportation Research Center: \$39,784 (PI) Measuring parking intrusion in New York City neighborhoods using parking tickets and vehicle plate registration data	9/2014--8/2015
National Science Foundation of China: \$26,274 (Co-PI) Optimization strategy of TOD planning in Chinese cities	1/2013 – 12/2015
UTRC Emerging Investigator Grant: \$12,000 (PI) Street Standards as Parking Policy: Identifying Residents' Willingness to Pay	10/2012 – 6/2013
NYU Global Health Research Challenge Fund: \$15,000 (Co-PI) Urban Design, physical activity, and obesity in rapidly growing Chinese cities	9/2012 – 8/2013
Council on Tall Buildings and Urban Habitat (CTBUH): \$20000 (Co-PI) Design of Tall Buildings & Tall Building Districts to Promote Physical Activity in China	9/2012 – 6/2013
UTRC AITE Grant to Support Student Research: \$75,000 (PI) Faculty advisor for Jackie Burton, Elliot Ward, Ronnie Hutchinson & Daniel Suraci	9/2011 – 5/2014
NYMTC and UTRC September 11 Memorial Program: \$70,000 (PI)	9/2011 – 8/2013

Faculty advisor for Shuai Ren and Jeremy Safran

NYU University Research Challenge Fund: \$29,000 (PI) 6/2011 – 5/2014  
London parking reform; Residents willingness to pay

US DOT & University Transportation Research Center: \$47,083 (PI) 3/2011 – 2/2012  
Rethinking Residential Parking Policies in New York City based on Behavioral Responses from  
Developers and Residents.

US DOT & Mineta Transportation Institute: \$80,419 (PI) 9/2010 – 6/2011  
Communities, Developers, and Residents: Rethinking Residential Parking Policies in Dense Cities in the  
US.

Managing World Cities Program, University of Hong Kong: \$14,285 (Co-PI) 4/2010 – 12/2011  
Pedestrian Walkway Environment and Its Impact on People's Path Choice: A Comparative Study of  
Hong Kong and New York

Wagner School Research Fund: \$ 27,416 (PI) 9/2009 – 5/2013  
Residents' willingness to pay; Street cleaning; Parking and travel

US DOT & Mineta Transportation Institute: \$59,628 (PI) 8/2009 – 4/2010  
The Intersection of Urban Form and Mileage Fees: Findings from the Oregon Road User Fee Pilot  
Program.

New York City Department of Health and Mental Hygiene: \$40,000, (Co-PI) 9/2009 – 1/2010  
Feasibility Assessment of Roll-Off Trash Compactor Technology in Reducing Rat Infestations in New  
York City

US DOT & University Transportation Research Center: \$50,000 (PI) 1/2009 – 12/2009  
Modal Shift in Transit Under-served Neighborhoods in New York City (total \$ 119,681)

US DOT & University Transportation Center New England: \$51,500, Co-PI 9/2004 – 8/2006  
Intermodal System Planning for Public Urban Passenger Transport Systems

Martin Family Society of Fellows for Sustainability \$26,000 (Co-PI) 9/2004 – 1/2005  
Desertification, Yellow-dust Storms, and Project Evaluation in Northern China

## **SELECTED HONORS & AWARDS**

---

Best Paper in Transportation Planning, World Transport Congress	2019
Goddard Junior Faculty Fellowship Award	2011
Best Paper Award, US DOT University Transportation Research Center (Region 2)	2009
Outstanding Contribution to the Intellectual Life of the Department of Urban Studies and Planning at MIT	2008
Outstanding Contribution to the Intellectual Life of the Department of Urban Studies and Planning at MIT (Honorable Mention)	2006
Outstanding Overseas Student Scholarship, Government of China	2005
